Page 23, Line18, INSERT TWO NEW FINDINGS OF FACT:

“In addition, we believe that SSVEC should file its 2011 Renewable Energy Standard Tariff (“REST”) Implementation Plan (“Plan”) as soon as possible, but in no case later than July 30, 2010. The Plan should contain renewable programs designed specifically for the area served by the V-7 Feeder. The Plan should also contain a detailed plan on how SSVEC plans to deal with and eliminate the current over-subscription to its distributed generation programs.

SSVEC should submit by July 30, 2010, the detailed plans, recommended by Staff, explaining exactly how SSVEC will educate its customers throughout its service area on renewable energy and energy efficiency.”
